

GlamAire™ SYSTEMS

Graftobian has worked closely with Hollywood makeup artists to create a product ideal for use with High Definition and Digital Camera Media. HDTV offers astounding images, but often the challenge is that every little imperfection on an actor's face is accentuated in the extreme. However, using Graftobian's GlamAire™ Airbrush Makeup, your artist can create flawless looks that will read beautifully on camera. These systems offer the perfect duo of professional grade, reliable equipment and the best Hi-Def Airbrush Makeup made: GlamAire™
